DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP96-558-001]

CNG Transmission Corporation; Notice of Amendment

January 22, 1998.

Take notice that on January 15, 1998, CNG Transmission Corporation (CNG), 445 West Main Street, Clarksburg, West Virginia 26301, filed in Docket No. CP96-558-001 an amendment pursuant to Section 7 of the Natural Gas Act, as amended, and the Commission's Rules and Regulations thereunder, to amend its certificate issued at Docket No. CP96-558-000 on October 11, 1996, all as more fully set forth in the application on file with the Commission and open to public inspection.

According to CNG, the above order approved the abandonment in place of 67.07 miles of 14-inch pipeline, known as Line 14, located in Potter County, Pennsylvania and Livingston, Allegany and Wyoming Counties, New York. By this amendment, CNG requests to abandon an additional 5.5 miles of Line 14 in Allegany County, New York, due to age and condition.

CNG states that the abandonment of Line 14 will have no impact on CNG's existing services. This is so, according to CNG, because (1) the markets served by Line 14 have declined, and (2) CNG's existing, parallel pipelines, Lines 24 and 554 have sufficient capacity to maintain existing services to the markets served by this part of CNG's system.

Any person desiring to be heard or to make any protest with reference to said application, should on or before February 12, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NW., Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (Rule 210, 211, or 214) and regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to the proceeding or to participate as a party in any hearing

therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission, or its delegate, on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that the certificate is required by the public convenience and necessity.

If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that an oral hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for CNG to appear or be represented at the hearing.

David P. Boergers,

Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. CP98-188-000]

CNG Transmission Corporation; Notice of Request Under Blanket Authorization

January 22, 1998.

Take notice that on January 15, 1998, CNG Transmission Corporation (CNG), 445 West Main Street, Clarksburg, West Virginia 26301, filed in Docket No. CP98-188-000 a request pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216) for authorization to abandon in place 0.42 mile of 12-inch pipeline, located in Marshall County, West Virginia, crossing the Ohio River and ending in York Township, Ohio, under CNG's blanket certificate issued in Docket No. CP82-537-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

CNG proposes to abandon in place 0.42 mile of bare 12-inch pipeline, known as H-197, starting in Marshall County, West Virginia, crossing the Ohio River, and ending in York Township, Ohio, where it originally tied

into East Ohio Gas Company's TPL-9. CNG states that gas has not flowed through this segment of H-197 since the 1980's, therefore the abandonment of this segment of H-197 will have no effect on any existing customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.

[Docket No. RP98-113-000]

Colorado Interstate Gas Company; Notice of Tariff Filing

January 22, 1998.

Take notice that on January 20, 1998, Colorado Interstate Gas Company (CIG), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the revised tariff sheets listed on Appendix A to the filing, with a requested effective date of May 1, 1998.

CIG states that the purpose of the filing is to reform its Gas Quality Control service and low-Btu purchase requirements pursuant to Section 1.15 of the Stipulation and Agreement in Docket No. RP96-190-000, approved by the Commission on October 16, 1997.

CIG states that the copies of the filing are being mailed to all holders of the tariff and to public bodies.

Any person desiring to be heard or to make any protest with reference to said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed in
